Job Action Sheets HICS or EOC

The Hospital Incident Command System currently provides Job Action Sheets (JASs) for addressing all types of hospital needs during an incident. The purpose of these JASs are to provide personnel with a series of action steps to consider when serving in a particular HICS command or General Staff role.

To assist hospitals with implementing the use of these Job Action Sheets, RTS offers laminated, color-coded, HICS Job Action Sheets printed on quality paper (8 1/2 x 11) with heavy laminate film (5mm) on both sides.

Each comprehensive set includes all Functions (Positions) for the:

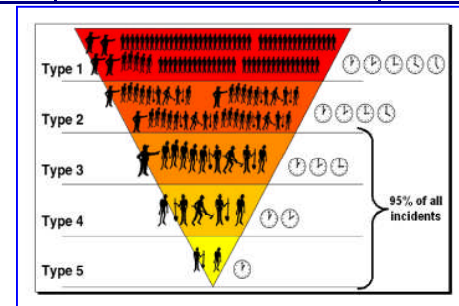

- Command Section
- Operations Section
- Logistics Section
- Planning Section
- Finance Section

I also carry EOC ICS Job Actions Sheets. Email or call for details.
